Oden Fire (Okanogan County)

The Chelan strike team was demobilized as expected yesterday afternoon, but due to a flare up on the line in yesterday's wind the Stevens and Spokane strike teams were held back until this morning. All Mobilization resources are being demobilized today and will be returning to their home agencies.

State Mobilization and FEMA Fire Management Assistance Grant Program ended last night at midnight. The fire was returned to the local fire district at that time.

The WSP Pod at the State EOC is no longer manned
